Dear Friend:

The Academy Memorial Fund (AMF) started out as a subsidy of the Dayton District (III) Academy of Osteopathic Medicine but recently became part of the Grandview Foundation. Designated a 501-C3 by the I.R.S., the AMF was established back in the early 1980's and was originally implemented to provide potential "no interest" loans to 3rd and 4th year Osteopathic medical students in need. As the Federal government began offering new and larger student loans amounts, the Executive Council members repurposed the fund account to a more philanthropic opportunity. Those medical professionals looking for monetary assistance to offset costs for research papers, medical equipment, educational conferences & medical missionary trips - just to name a few, could be eligible for full or partial funding through the Academy Memorial Fund.

If you are seeking some kind of scholarship and/or sponsorship and your request falls under the guidelines of "medical education" then please see the attached form. Please provide as much information that may help determine a favorable outcome.

Should you have any other questions or concerns, please call or email the Academy Office.

Sincerely,

Jennifer A. Horvath
Executive Director
